**Overnight interest** – Charged/paid on any FX & bullion position depending on the currency pair and the applicable rate in the interbank markets applicable to the period of the rollover. Other cash markets are Debited / Credited with a financing rate of 2.0 percent +/- overnight currency funding rate. No overnight charges are applicable to future markets.

**Interest** – Deficit balances will be charged at the currency base rate plus 2.0 percent.

For equity or index positions held through a dividend adjustment, a relevant debit or credit would be transacted depending on the direction of each single open position.

**Other Information:**

Unless the context otherwise requires, defined terms used herein shall have the same meaning as set out in Spread Co's Terms of Business Spread Betting.

We may remunerate third parties, such as those advertising Spread Co's products, for referring your business to Spread Co. As a general rule, such parties will receive a fixed fee.

Please note that you are required to maintain a minimum margin to cover your positions, failing which your positions may be liquidated. Please contact the dealing desk for further information on +441923832682 or refer to our terms of business, clause 8 on margin requirements.

For all Retail Clients, positions will usually be stopped out automatically where equity drops below 50% of the margin required. However, where market conditions are highly volatile, Spread Co may not be able to do this. Where this is the case, Retail Clients will benefit from our Negative Balance Protection, which means your losses will never exceed the cash balance in your account.
